WORK EXPERIENCE

Virtual Alchemy | Sarasota, FL - Front-End Developer

August 2021 — Present

- Design websites including graphics and user interface
- Develop web pages to client's specific needs
- Deliver responsive layouts with best coding practices in mind

Recent Projects:

Airborne Mechanical (hvac-airborne.com) – Responsive website for HVAC company developed to client's specifications. With a focus on customer acquisition and form submission.

Villegas Lawn Care (villegaslawns.com) – Web site for a lawn care company where I design all assets and created all content.

Rimer & Timer Injection Molding | Bradenton FL - Floor Manager

September 2019 — March 2021

- Programmed Injection Machines & Robots to operate at peak efficiency
- Managed staff. Oversaw quality control for parts and assembly
- Ensured on-time production and shipping.

Roy's Restaurant

July 2009 — August 2019

Managing Partner | Tampa, FL

- Led & mentored our team of 40+ management & staff to increased, more profitable, sales
- Reversed the negative sales trend in the first twelve months
- Brought guest satisfaction survey scores form worst to best in the company
- Became the corporate training location for the company

Hospitality/Beverage Manager | Bonita Springs, FL

- Trained/tested staff to insure exceptional food and beverage knowledge
- Skillfully interacted/negotiated with external vendors to obtain the best quality pricing and product
- Correctly calculated inventory, ordered appropriate supplies, and always met or exceeded budget expectations
